Projects

TalkHere- You Matter (webstie)

Passionate about mental health awareness and spreading the message that "You Matter." I use creative skills like HTML, CSS, WordPress, and Canva design to build engaging digital content that supports emotional well-being and promotes positive messages online.

Instagram Quotes & Content Page (Account Deleted)

Created and managed an Instagram page dedicated to motivational and aesthetic quotes. Designed visually appealing posts using Canva and Photoshop. Engaged with followers through interactive stories and creative captions. Grew the page to 5,000+ followers organically within six months. Unfortunately, the account has been deleted, but the experience helped develop strong content creation skills.

Extracurricular Activities

Member of Tech Club & E-Cell at JG University. Organized and managed events in school. Passionate about digital marketing, blogging, and AI-driven content creation. Exploring the intersection of AI and content writing to create data-driven, engaging content
